I absolutely adored Bitia. She was engaging and welcoming and truly challenged us to bypass our expectations of ourselves. Taking this class has been a joy and I look forward to taking more classes with her in the future.

Loved contemporary dance this semester. I was impressed with how quickly our class came together and was willing to give their all in dancing without being self conscious. My favorite activity was IMPROV by far! The ending performance was a little stressful because we had to bring it together so quickly; but regardless, I loved the class overall and was so glad to have taken it.

Bitia is AMAZING!!! She is super patient, funny and encourages us to think critically about our movements and body alignment. I've learned so much about dance that I would never have had I not taken this course! I am truly grateful!! Keep up the good work, Bitia!!

Bitia is an excellent instructor that holistically cares about and inspires her students. She encourages us to be independent individuals and think creatively. I liked how she helped us to realize the ways dance connects to other parts of life and the ways our bodies are organized and function. I really enjoyed the floor work and the bartenieff fundamentals. I would have liked to do more contact improv. The choreography pieces were fun to learn. But at times, we were presented with too much choreography at once, especially at the beginning when seeing the movements for the first time. The phrases were too long and trying to remember all of it at once caused me to not have a firm grasp on any of it. I understand that one of the Bartenieff fundamental is to consider movement all essentially connected, but this is hard to put into practice as a novice dancer. It would have been more helpful to chunk the choreography smaller at the beginning when we were first learning it. Thanks for a fantastic semester Bitia!!!
